

## REGIMENTAL BAND

THE MARYVILLE BAND MAY BECOME ONE IF SUCCESSFUL.

## EIGHTEEN ARE WILLING

It is Necessary to Enlist in the Fourth Infantry, N. G. M., for Three Years' Service.

The Maryville band will probably become a regimental band, if plans that are being worked on now are successful.

In order to become a regimental band it is necessary to enlist in the 4th Infantry N. G. M. for three years and the men must be at least 18 years of age and not over 45 and where under 21 parents or guardians consent must be had to enlistment; must pass a physical examination, and must have at least 18 men or a maximum of 28 men.

The band would also be liable to service anywhere at the call of the president in case of war.

Prof. T. B. Maulding, the band director, has taken the matter up with the band boys and there are eighteen of them willing to join Company F, the Maryville company of the Fourth regiment. As this is the required number and as all of them, no doubt, can pass the physical examination, there probably is no doubt that the Maryville band will also be known as the Fourth regiment band. The band boys will be mustered in some time within the next few weeks and Col. MacDonald of St. Joseph has been notified of the fact.

The following are the members of the band that have signed the application blank to become members of Company F:

T. B. Maulding, Leon J. Canon, Leo Moody, O. K. Boyard, H. E. Maulding, Albert Butcher, P. E. Denny, L. H. Shanks, Robert V. Bonnett, Mel Atherton, T. F. Drayton, Paul Bassford, J. S. Clark, Robert Bramble, Chris Lavel, Newton Wilson, Stewart Barrar, Cecil Goforth, E. J. Goebe, J. W. Wiles and Frank A. Schumacher.

Prof. Maulding was a member of the Fourth regiment band when Prof. Maupin was in charge of the band.

### TO HAVE A BOX SUPPER.

The Ravenwood School to Give One Saturday Night at the Opera House in That Town.

The Ravenwood school will give a box party Saturday night at the opera house in that town, the proceeds to be used for the school library. The girl whose box brings the most money will be presented a beautiful "Lavalier." The following is the program that will be given:

Recitation, "A Thankful Girl," by Helen Jones.

Recitation, "The Proud Turkeys," W. Holtsclaw.

Play song, "Four Little Maids at Tea."

Recitation, "Dolly's Lesson," Katherine Goodson.

School chorus, "Emblem of Freedom."

Recitation, "A Thankful Boy," Hazel King.

Action song, "Dolly Lullaby."

Recitation, "A Sensible Boy," Marvin Bishop.

Kitchenola, "New Invention."

Song and drill, "Reuben and Rachel."

Recitation, "At School and at Home," Faye Jones.

Novelty song, "The Champeen Base Ball Nine."

Recitation, "What Mamma Said," Mildred Wygal.

Comedy play, "A Case of Suspension," one of the cleverest little plays ever written.

## CLERKS TO LICK STAMPS.

Christmas Gift Buyers This Year Will Not Be Forced to Lick Their Own Stamps.

The following dispatch is from Washington:

Christmas gift buyers this year will not be forced to lick their own stamps when they affix the proper postage to their parcels for mailing unless they wish to, for the postoffice department announced yesterday that its postmasters and their assistants would attend to that duty if required.

The innovation is put in force in the interest of better mail service during the holiday rush and is expected to facilitate the movement from the vast crush of packages that will tax the resources of the department's many employees.

Orders were issued yesterday to postmasters to affix postage when required on mail of the second, third and fourth class, the latter being parcel post matter. The stamps will be precanceled and the plan is expected to prevent the great waste of time experienced by postoffice patrons while waiting in line to buy postage and mail their packages.

"Under such authorization," declared Postmaster General Burleson, "when a parcel is presented for mailing the clerk receiving it, after collecting the required postage, may indorse on the package the amount of postage which the latter will be affixed by an employee of the postoffice. The postmaster general believes this plan will result in a great saving of time to the department as well as to the people."

### A BIG ELECTRIC SIGN.

The Alderman-Yehle Dry Goods Company Has a New One That Contains 166 Electric Lights.

The Alderman-Yehle dry goods store has purchased a large electric sign which is being put up today. The sign weighs 500 pounds and is nine feet long and four feet high. The letters are four inches high and will be lighted by 166 Mazda lamps. The sign was purchased through the Electric Light & Power company and is made up of the simple words "Alderman-Yehle." The sign will burn until midnight every night.

### Shopping in St. Joseph.

Misses Grace and Mary O'Brien, Misses Mildred Binter and Ethel Muse went to St. Joseph Friday morning to spend the day shopping.

## EIGHTEEN SCHOOLS

COUNTY SUPERINTENDENT OAKERSON VISITED THAT MANY.

## MAKES TRIP IN AUTO

He Reports That Schools Are Doing Fine—Largest Number Ever Visited in One Week.

County Superintendent Oakerson has visited and inspected during this week eighteen rural schools, making the entire trip in his automobile. This is the most number of schools that Mr. Oakerson has visited in a week. Today he went to the Scudder and Blackman schools, south of Maryville.

Prof. Oakerson reports that all of the schools that were visited by him were in a very good condition and that excellent work was being done.

The Central school, west of Barnard, has only four scholars this year and two of these scholars are to leave that school December 1, as their parents are to move away. Last year there was no school at Central, as they made arrangements with the Barnard school to take all of the school children in that district. As the school board has made a contract with the teacher for a regular school term, school will probably still be kept on there.

Miss May Summers, teacher of the Prairie Star school, has resigned and Miss Bessie Cox of this city has been selected to take her place. Miss Cox will commence her work on Monday.

Prof. Oakerson is of the opinion that the best three miles of road in Polk township and also the county, is the road in the vicinity of the Scudder school house, near Granville Gray and the Wamsley farm. The road is five miles south of town and goes a half mile east, then two miles south and a half mile west. The road is being dragged and is in very good condition.

### PARNELL BOYS AT JUAREZ, MEX.

An Exciting Time Had When the Rebels of That Country Took the Town Last Saturday.

Fred Breit received a letter from Ben Jones Tuesday telling him about a few things that happened at Juarez, Mexico, Saturday morning when the rebels of that country took the town.

Jones and some of the other Parnell boys got into the judges' stand as soon as they heard the shooting to see what could be seen. They had not been in there but a very short time when a few bullets whistled around them, and Ben said it did not take them long to get down and out and hunt for more convenient shelter.

The boys went uptown the next morning and said they saw the worst sight they ever beheld. The dead and dying were strewn over the streets and sidewalks.

One of the Mexicans, during the morning hours, took a horse next to one of Ben's and took the latter's saddle and bridle and rode away with it.

Ben has a string of some seven or eight horses at the race track at Juarez but he did not take any of them over to El Paso, Texas, which is about five miles distant.

The Parnell party at Juarez consists of Ben Jones, Ed Stites, Ben McClain, Harry Garner and Frank Cummings. Ed Prather of Maryville is also with the boys—Parnell Sentinel.

### Another Boy Shot.

Ray, a son of William Ecker, living four miles north of Elmo, accidentally shot himself in the foot with a target rifle Saturday, November 8. He was trying to get a shot at a crow, when in come way the rifle, which was cocked, was accidentally discharged, the ball passing through his foot. Medical aid soon fixed him all right, and he will soon be as well as ever.—Elmo Register.

### Auto Party From Pickering.

Mrs. C. G. McMillen, Mrs. Walter Johnson and son, Mrs. Howard Wray and daughters comprised an automobile party of Pickering ladies to Maryville Thursday afternoon on a shopping trip. J. L. Neal brought them in his car.

### Auto Was Damaged.

In an accident Thursday evening about 6 o'clock in front of Price & McNeal's store, Homer Shipp's car was damaged to the amount of nearly \$100 when a collision occurred with a hay wagon, driven by Abe Cunningham.

### Visitors From Minnesota.

Mr. and Mrs. J. W. Clark of Crookston, Minn., are guests of Mr. and Mrs. W. H. Kennedy of near Bedison.

## AUDITORIUM FULL

SERVICE AT BUCHANAN STREET M. E. CHURCH DREW CROWD.

## MANY MOVED TO TEARS

"Prayer is Essentially Secret, Even in Public," States Dr. U. G. Foote—Preaching at 7:30 Tonight.

The service last night at the Buchanan Street Methodist church drew a congregation large enough to comfortably fill the auditorium. Dr. U. G. Foote's theme was "Secret Prayer." The sermon was eloquent and spiritually powerful. The speaker held the attention of his congregation from the beginning, and during the discourse many were moved to tears. In many respects it was a notable service. Dr. Foote said in part:

"Campbell Morgan and Joseph Parker were discussing the needs of the young ministers of England. Parker said: 'For my part I had rather teach ten young men to pray than an hundred to preach.' Jesus said very little about homiletics, but he said much about prayer. Prayer is essentially secret. It may be oral at times as it must be in a place of public worship, or with the family, but strange as the paradox may sound, even public prayer must be secret prayer. To pray in secret is to be independent of environment. Secret communion is to shut the soul in alone with God. The external gates of sensibility must be closed. One's thoughts must go to the ultimate shrine of the soul and there alone worship. A young reporter, in writing up a religious meeting said: 'Dr. Smith delivered a most eloquent prayer to the audience.' Do you not then understand what I mean when I say that even public prayer must be secret?"

"Prayer in its most holy and secret moods is vicarious. Moses said, let me die but save the people. Davis said, 'My son, would God I had died for thee.' Knox cried, 'Give me Scotland or I die.' A good woman whose husband was unwell, prayed: 'Save my husband or blot me out of thy book.' If we would have spiritual results we must sacrifice ourselves in vicarious suffering and agonizing prayer."

Dr. Foote will preach again this evening at 7:30 p. m. Sunday afternoon a special service will be held for fathers and sons. A special invitation is extended to every father in Maryville to come and bring his son to this meeting. Dr. Foote is the father of two boys, and will have some things of special interest to say about the sacred relation between father and son.

### LEAVES ESTATE TO CHURCH.

Mrs. Johanna Morrissy, Who Died Recently, Gave Property to St. Patrick's Church.

The will of Mrs. Johanna Morrissy, who died recently, was filed in probate court Friday, and the estate is valued at \$400 or \$500. A bequest of \$50 is given to her sister, Alice Kien of Miles, Mich. The rest and residue of the estate is given to Bishop Burke of St. Joseph for the use and benefit of St. Patrick's church of this city. T. A. Cummins was named as executor of the estate. The will was written on February 22, 1902, and was witnessed by Clemens Niemann and Henry Roney.

### Was Sent to His Relatives.

Fred McRobertson, aged 60 years, who has been in the Gaynor City neighborhood for a number of months, was sent to Dyersburg, Tenn., Thursday, the county court paying the railroad fare of \$14. McRobertson has been in that neighborhood working a little. As he has no money the court suggested that he be sent to the poor farm, but the old man refused, saying that if the court would pay his fare he would go to his relatives in Tennessee.

### His Health Fully Recovered.

Charles McNeal went to Creston Thursday night to meet his son, Harold McNeal, who has been taking treatment several weeks at a sanitarium in Waukesha, Wis., for kidney trouble. They stopped in Lenox Friday morning for a day's visit with Mr. McNeal's sister, Mrs. Phil Ridgeway. Harold McNeal returns home entirely cured.

### Will Bring Back New Car.

Mr. and Mrs. T. L. Wilderman went to Kansas City Friday morning for a two days' stay and will return in Mr. Wilderman's new Studebaker car.

Elver B. Miller of Bedford, Ia., and Miss Minnie B. Grass of Hopkins were issued a marriage license in St. Joseph Thursday.

## JURY ACQUITS MORGAN.

Albany Murder Case Ended Thursday Night With the Verdict of Jury.

Jack Morgan was Thursday night found guilty of the murder of Virgil Deen, his brother-in-law, whom he shot to death on the main street of Albany June 28, last. The jury was given the case at 4:10 o'clock and returned a verdict at 7:40. It is understood that only one ballot was taken.

The trial had attracted many visitors from all over Gentry county to Albany, as interest in the case was high. The trial had lasted four days and was heard by Judge W. C. Ellison. The case was prosecuted by Prosecuting Attorney E. C. Lockwood and B. Raleigh Martin of St. Joseph, who had been engaged to assist him. The defense attorneys were D. D. Reeves and J. W. Peery.

The killing of Deen by Morgan was the culmination of trouble of some time standing between the two men. June 25 Mrs. Deen had gone to the home of her sister, Mrs. Morgan, asking that she be allowed to stay there, and saying that her husband had knocked her down and beat her. Mrs. Morgan, Mrs. Deen, and another sister, a Mrs. Porter, came to Albany the next day and swore to a warrant for Deen's arrest. The following day Deen was arrested by Sheriff Ross and released under \$500 bond.

The following Saturday, June 28, Morgan, with his wife and daughter and Mrs. Deen, drove to Albany and spent the day there. About 6 o'clock, as the Morgans were preparing to go home, Morgan encountered Deen on the street, just as he was emerging from Johnson's drug store. As Morgan stepped out Deen is said to have called him a vile name, and an instant later Morgan drew a revolver and fired four shots in rapid succession, three of them taking effect. Deen died at 2 o'clock the next morning.

Witnesses testified that Deen had an open knife in his hand and was about to attack Morgan when he met his death. It was also brought out at the trial that he had threatened to "put Morgan where the dogs couldn't bark at him."

The fact that the streets of Albany were crowded at the time lent interest to the case, and many of those who witnessed the tragedy or were on the ground a few minutes after it occurred came to the county seat for the trial.

Morgan is a reputable and well to do farmer. Character witnesses at the trial testified to his honesty and standing in the community, while evidence showed that Deen had an unenviable record of convictions for petty thefts and peace disturbance, and bore generally a bad reputation in the community. It was freely predicted from the start that the trial would result in an acquittal for Morgan.

## PIONEER RESIDENT

WAS MRS. SOLOMON HAWK, WHO DIED TODAY AT GUILFORD.

## CAME 50 YEARS AGO

Had Made Her Home in the Guilford Vicinity All of That Time—Funeral to Be Held Saturday.

Mrs. Solomon Hawk, a pioneer resident of Washington township, living four miles northeast of Guilford, passed away Friday morning after a two weeks' illness.

The funeral services will be held Saturday afternoon at the M. B. church in Guilford, conducted by the pastor, Rev. Bilby.

Mrs. Hawk was 79 years of age last March, and retained remarkable vigor and strength until taken to her bed two weeks ago. Her husband survives with their children, at the age of 87 years. They were a most remarkable couple, able to attend to all their affairs, and each Saturday going to Guilford to do their marketing and taking a keen interest in everything in the community of religious, social and educational import.

They settled in Washington township in early manhood and womanhood, marrying in three weeks after their arrival in the county, their families having been old friends. They saw every advancement made in the county, and did their part in advancing everything that was for the good of the community.

Mrs. Hawk was all that a woman can be as a Christian wife, mother and friend. All who met her were impressed by the fineness of her character, and those who visited her home were charmed by her fitness in such a place. She was pre-eminently a home woman and the sweetness of her life was expressed in the flowers she grew about her home in rich profusion, and her daily life as a Christian.

Five children survive, Mrs. Leona Weathermon of Guilford, Mrs. J. L. Thompson, near Guilford; Mrs. Sadie Proctor of Ravenwood, Wallace and Marion Hawk of Beattie, Kan.

### Left for Georgia.

Miss Georgia Crawford, the 14-year-old daughter of Charles Crawford of near Ravenwood, left Maryville Thursday night for Washington, Ga., to spend the winter with her aunt, Mrs. T. S. Burns, who will meet her at Atlanta. Miss Georgia has been in declining health for some time and has been in Maryville under the care of Dr. Grace Phelps for several weeks. Her mother died a year ago this month at her home near Ravenwood. Georgia was sick in St. Francis hospital of appendicitis at the time and the body was brought to the hospital in Maryville that she might see her mother's face for the last time. Miss Georgia is a niece of the late George Keef of Maryville, who was killed in an automobile accident near Barnard late in the past summer.

### TO GET FOOTBALL RESULT HERE.

The Democrat-Forum has made arrangements to get the result of the Missouri-Kansas football game, which will be played tomorrow afternoon at Columbia. All telephone calls will be answered promptly.

### Pointed Paragraphs.

Play is merely work that you don't have to do.

Much greatness is submerged by the overflow of egotism.

The hobo's idea of a helping hand is one that holds a handout.

The Lord loves a cheerful giver, and everybody loves a cheerful loser.

Money is the root of all evil—and many a family tree springs therefrom.

Love doesn't make the world go round as often as it makes the lover go broke.

A woman worries more about her complexion than she does about her prospective harp and crown.

Love may laugh at locksmiths when the milliners and the dress makers don't even get a pleasant look.

"Men don't understand women," says a pessimist; "if they did the women would have to do all the chasing."

The "wise" man follows the lines of least resistance, by telling all women how well they look and all mothers their babies are beautiful.—Chicago News.

### The Valuable Education.

H. J. Waters, president Kansas Agricultural college—For the young man who is to go from the school to the farm, it is far better that he know how to judge stock, how his soil is wasted and how to market the products of his labor, than can possibly be the most exhaustive study of ancient and mediaeval history that any high school can afford.

To the young man who is to take his place in the industries, high school training in drawing, shop work, commercial arithmetic, bookkeeping, stenography and typewriting will prove far more useful than ever the biological sciences, much less an ancient or modern language.

To the girl who is to take her place at the head of a home, a knowledge of human nutrition, of personal hygiene, of home decoration, sewing and cooking, will serve a far more useful purpose than a study of higher mathematics.

### POSTAL SAVINGS BONDS.

To Be Issued January 1 to Depositors of Postal Savings Bank of They So Desire.

The following is the information concerning postal savings bonds to be issued January 1, 1914.

By applying on or before December 1, 1913, depositors of the postal savings system may exchange the whole or a part of their deposits for United States registered or coupon bonds in denominations of \$20, \$100 and \$500, bearing interest from January 1, 1914, at the rate of 2½ per cent per annum, payable semi-annually, and redeemable at the pleasure of the United States after one year from the date of issue, both principal and interest payable twenty years from that date in United States gold coin.

Postal savings bonds are exempt from all taxes or duties of the United States, as well as from taxation in any form by or under state, municipal or local authority.

Applications for the conversion of deposits into bonds on January 1, 1914, must be received on or before December 1, 1913, by the postmaster at the depository office where the certificates were issued. The postmaster will supply an application form, which must be made out in triplicate. The depositor must indorse and surrender with his application postal savings certificates covering the amount of the bonds desired, for which the postmaster will give him a receipt. The bonds will be issued by the secretary of the treasury and delivered direct to the applicants. Owing to the time required for printing and registering, the bonds will not be ready for delivery until February 1 or later, though bearing interest from January 1.

The conversion of deposits into bonds are not counted as a part of the maximum of \$500 allowed one depositor, and there is no limitation on the amount of available savings bonds which may be acquired finally by a depositor. The exchange is considered as effective on January 1, and a depositor who has applied to convert into bonds all or part of the maximum balance of \$500 may deposit an additional amount in January, though the bonds may not yet have been delivered.

Postal savings bonds can be procured only by the conversion of postal savings deposits and will not be issued to persons who are not depositors. They may be sold or assigned to any person, however, by the holder, and when a registered bond is assigned a new bond will be issued in the name of the owner.

The depositor's application must indicate whether bonds are desired in registered or coupon form. Coupon bonds are preferable for a depositor who intends to hold them for a short time only and who has ample facilities for their safe keeping. These bonds are payable to bearer, and the title will pass by delivery without indorsement. Interest on coupon bonds is collected by means of interest coupons, which are detached by the holder as they become due.

Registered bonds are preferable for persons intending to hold them for a considerable period, and they differ from coupon bonds in the following respects:

(a) They have inscribed upon their face the names of the persons to whom they are issued.

(b) They are payable only to the persons to whom issued or their assigns.

(c) The ownership of registered bonds can be transferred only by assignment in proper form.

Great annual Thanksgiving sale begins tomorrow morning at Alderman-Yehle's.

A Large Splinter in His Foot.

Earl Bush ran a large splinter into the ball of his foot early last spring. As was supposed at the time, the splinter was removed, but the sore never entirely healed and of late had been much worse. It was finally decided that the foot would have to be operated on. Sunday afternoon Dr. Dowell cut open the ball of the foot and found a part of the splinter, about the size of a common match, imbedded in the flesh. The splinter was removed, also the injured and decayed flesh, and the incision sewed up. Earl is now getting along nicely and will soon be all right again.—Clearmont News.

Mrs. Charles Eckert went to Boicow Friday morning to spend the day with her parents, Mr. and Mrs. T. W. Chamberlain.

### Entertained at Dinner.

Mr. and Mrs. Reuben Young and Miss Ruth Young, living six miles east of Maryville, entertained at 6 o'clock dinner Wednesday evening the following guests from Maryville: Mr. and Mrs. Albert Mercer, Mr. and Mrs. Lou Denny and Mr. and Mrs. H. J. Becker.

### Entertained Art Club.

The Parnell Art club of Parnell met Thursday afternoon at the home of Mrs. George Crossan. The hostess was assisted in serving a two-course luncheon after the work hour by Mrs. F. A. Breit. The members were all present and the following out-of-town guests: Mrs. McKay of Wapello, Ia.; Mrs. Hurley of Cordeill, Okla.; Mrs. Lester Bennett of Maryville; Mrs. Gertrude Thomas of Belvidere, Ill.

Dinner for Bedsread Club.

Mrs. James LaFavor of Parnell gave a dinner Friday at 12 o'clock to the members of the Bedsread club, composed of ladies from Ravenwood and Parnell. Her guests were Mrs. Bentley, Mrs. Casteel, Mrs. Duffy, Mrs. Goodson and Mrs. Hunterson of Ravenwood; Mrs. John Stewart of Maryville; Mrs. F. A. Bloomfield, Mrs. Earl Addy, Mrs. John Kennedy, Mrs. Wallace Kennedy and Mrs. George Felton of Parnell.

### A Gift for Mrs. Fisher.

About forty women of the Aid society of the First Christian church were present at its meeting Thursday afternoon in the church parlors. The meeting was made entirely social, in honor of Mrs. A. T. Fisher, who leaves in a few days for her new home in St. Joseph, Dr. Fisher having been recently appointed a member of the board of physicians of the state hospital in that city. After the luncheon Mrs. Fisher was presented a set of sterling silver salad forks. She responded to the remembrance in words that were valued by all present.

### Gave Him a Surprise.

LaVerne Robey, the 8-year-old son of Mayor A. S. Robey, was given a surprise party Wednesday evening to

celebrate his eighth anniversary. While he was visiting his boy friends at the home of Mr. and Mrs. Ed Masters, the guests gathered, and he was summoned home. When he reached the house all was in darkness, and on turning on the lights he was greeted with shouts of laughter from his friends, all seated in the room about him. It was certainly a complete surprise for the honor guest, Mrs. Robey and Miss Virginia Lawson were assisted in entertaining and serving refreshments by Miss Grace Ferritor. Authors and other games were played. The guests were Olean and Lawrence Masters, Erwin Broyles, Donald and Edwin Ferritor, Jr., Lorace Landfather, Lota and Clara Landfather, Margaret Louise Hosmer, Genevieve Todd, Mary Ferritor, Esther Wells, Leatha Daniels, Carl, Russell and LaVerne Robey and D. L. Robey.

### Progressive Hayrack Ride.

The Anoma class of the First Baptist church Sunday school took a novel way of calling on the new members of the church Thursday night, in what they termed a progressive hayrack ride. Twenty-eight people were visited and flowers were left at each place in way of greeting. The new pastor and his wife, Rev. and Mrs. Louis M. Hale, were first visited and then kidnapped by the callers for the remainder of the evening in making their calls. Another progressive ride will be taken soon by the class, and visits made to the homes of the other new members not yet visited. The callers were Rev. and Mrs. Hale, Mrs. E. L. Harrington, Mrs. Edna Borrusch, Misses Mollie and Lou Henderson, Laura White, Inez Teaney, Ina Campbell, Alma Nash, Frances Miller, Clara Woods, Eva Davis, Mabel Hunt. The homes visited were those of Mr. and Mrs. Harry Allen, Mr. and Mrs. Clyde Avitt, Mr. and Mrs. Edward Brewer, Mr. and Mrs. W. E. Glover, Mr. and Mrs. John Hopkins, Mr. and Mrs. Robert Jones, Mrs. L. P. James, Mr. and Mrs. George H. Meek, Mr. and Mrs. N. B. Newton, President and Mrs. Ira Richardson, Mr. and Mrs. W. C. Riser, Mr. and Mrs. Warren Spoor, Mrs. Mary Landon, Mr. and Mrs. E. E. Grubb.

Bazaar is Big Success.

The bazaar at the First M. E. church had the best first day, excepting one, in its history Thursday. The ladies cleared \$84 from their chicken pie dinner and many were turned away from the dinner, as provision for so crowd was present for the supper and the musical entertainment in the auditorium that ended a splendid social evening was highly enjoyable. The booths present a prettier appearance than ever, the candy booth decorated in wisterias and chrysanthemums, attracting the most favorable comment, while all the others, though not so colorful, are dainty and beautiful white flowers or yellow chrysanthemums. The articles on sale outnumber any previous year, and every department shows improvement over previous years. The fancy work departments, where knitted bedsreads and embroidered linens hold sway, are the most popular for Christmas presents, as well as the booth of dainty small articles. In the tea booth many are attracted by the many lovely articles on display from foreign lands by Mrs. George Bellows and Miss May Corwin, who have been in Europe within the last three years, Miss Corwin five months of last year. Among them are a silk robe from Sorrento, Italy; hand carved ivory fan from Spain; amulet, a talisman, from the sacred mountain of Spain; a lovely mantilla of hand made lace in pomgranate flower design, Granada, the pomgranate being the national flower; Irish crochet lace collar in daisy and grape design; leather purse from Germany; Florentine carved ring; Swiss watch fob of chamois adorned with elk teeth; shell pearl napkin holders from Honolulu; venetian rose point lace from Venice; cameos made from lava from Vesuvius bought in Tangiers; chop plate and vase from Delft factory in Holland; Canadian pitcher from Quebec; Moorish dust broom from Tangiers; Moorish water set, the same style and finish as is used in ceremony of washing of hands by old orthodox Jews, made of brass and beautifully chased, bought in Morocco; pitcher from Amsterdam; Shakespearean pitcher from Stafford-on-Avon; a Moorish tom-tom, a musical instrument made of pottery; chased and etched brass tray, in figures and signs that tell the story of one's life, from Alexandria, Egypt; Spanish fortune telling fan used at bull fights in Seville; royal Japanese table service ware from Tokio, Japan; Algerian bridle for horse, handsomely adorned with shells; silk scarf from Morocco, in pale rose and green; Moorish ladies' shoes in red morocco, embroidered in gold; rope-soled Spanish shoes in which Miss Corwin tramped through Italy and Spain; bag pocketbook which Moorish men carry; wooden fork and spoon used by Miss Corwin while on Monsuratt with her party, where they cooked for themselves; watch fob from Cairo, Egypt; corals from Isle of Capri; individual sugar from Madrid; Moorish lady's

## RAIN DAMPENS ARDOR OF REDS

Recalcitrant Navajos Uncomfortable in Mountain Camp.

GIVES U. S. OFFICIALS HOPE.

One of Indians Wanted by Government Surrenders—Medicine Men Doing All They Can to Induce More to Join Uprising, With Little Success.

Farmington, N. M., Nov. 21.—Continued rain for twenty-four hours rendered uncomfortable the position of the recalcitrant Navajo Indians encamped on Beautiful mountain, near Shiprock, and cooled somewhat the ardor of their sympathizers. These conditions gave encouragement to agency officials, who have been trying to secure a settlement without bloodshed. The hope was expressed that continued unfavorable weather would cause the Indians to weaken in their avowed determination to fight if any attempt were made to capture the seven braves wanted by the United States court in New Mexico.

Another hopeful sign was the action of one of the accused Indians in surrendering to Indian Agent Shelton at Shiprock. The brave was confined in the county jail, awaiting orders from Marshal Hudspeth at Santa Fe. That order will be restored and the present differences adjusted with little if any actual resistance was the opinion expressed by Agent Shelton.

The medicine men, who declare that the school work at the agency destroys their occupation, continued their efforts to induce others to join in the uprising, but it was said with little if any success.

## CONSERVATIONISTS ADJOURN

Monopolistic Control of Water Power Is Fought.

Washington, Nov. 21.—Monopolistic control of water power in private hands was denounced, with a declaration that no water power rights owned by the public ever should be removed from public ownership, by the National Conservation congress, which adjourned here. The climax of the water power fight which had agitated the congress for several days came after the committee on resolutions, to which had been referred divergent reports from the waterways committee, submitted that the matter had been taken from its hands by action of the convention.

Gifford Pinchot, former chief forester of the United States, offered an amendment, approved after repeated attempts to adjourn had been made by some southern and western delegates, declaring that monopolistic control of water power in private hands was increasing in the United States "far more rapidly than public control thereof" and that increasing "concentration of water power in some hands" was accompanied by growing control over the power-consuming agencies, the public service companies of the country.

## FIGHT OVER COLD SOUP

One Man Killed and Four Fatally Injured in St. Louis Restaurant.

St. Louis, Nov. 21.—A bowl of soup, served cold, started an argument in a restaurant, which resulted in the killing of one man, probably fatal injury to four others and the arrest of half a dozen uninjured participants in the general fight which ensued.

The dead man is Frank Strubel, who ordered the soup. The man who served the bowl was attacked as soon as the cold liquid had touched Strubel's lips. The restaurant owner, armed with a knife, went to the aid of the waiter, and the cook, armed with a revolver, came to the rescue of both.

Strubel was aided by several men who accompanied him to the restaurant. When the smoke had cleared away the police found Strubel shot to death, two of his companions cut about the head by a butcherknife and two others wounded by bullets from the cook's revolver.

## "DE LUXE" FIRM LOSES SUIT

Seeks to Recover \$6,000 on Note and Is Ordered to Repay \$36,313.

New York, Nov. 21.—The jury in the suit of the "limited edition" book firm of George Barrie & Son against J. Macy Willets to collect on notes aggregating \$6,000 out of a total of \$48,000 given by the defendant brought in a verdict for Willets. Under the verdict he not only recovers \$36,313 which he had paid for "de luxe" books under representations found by the jury to be false, but the entire \$48,000 worth of notes are canceled. The books Willets bought go back to the publisher.

Kentucky Turkey for Wilson.

Washington, Nov. 21.—President Wilson, Secretary Tumulty and the members of the cabinet will have Kentucky turkey for their Thanksgiving dinners. South Trimble, clerk of the house, will furnish pedigreed bronze turkeys raised on his blue grass farm. The president's bird will be a yearling gobbler, weighing forty-four pounds dressed. The others will weigh twenty-five pounds. They have been fattened on celery, chestnuts and red peppers.

## SICK, SOUR STOMACH, INDIGESTION OR GAS

Take "Pape's Diapepsin" and in Five Minutes You'll Wonder What Became of Misery in Stomach.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

## THREE CURRENCY BILLS TO SENATE

Divided Committee Will Report Separate Measures.

## PREPARATIONS FOR THE FIGHT

Docks Cleared in Upper House for Battle Over Proposed Reform of Currency System—Split Over Number of Reserve Banks.

Washington, Nov. 21.—Final preparations were made for the battle over the administration currency reform bill on the floor of the senate, which will begin tomorrow. Three separate currency bills, all based upon the same general theory, will be placed before the senate by the divided banking and currency committee.

Unable to agree on amendments the committee will present the Glass-Owen bill as originally indorsed by the administration and passed by the house. The measure with amendments assumed to be acceptable to the president will be submitted by Chairman Owen and five other Democrats of the committee, Senators Pomerene, Hollis, Reed, O'Gorman and Shafroth. A bill materially changing the structure of the house measure will be presented by the Republicans, Senators Nelson, Weeks, Bristow, McLean and Crawford, and Senator Hitchcock.

All three of the proposed bills contemplate the issue of a currency secured by the prime commercial paper held by the banks of the country. Each proposes the establishment of reserve banks, which will issue the currency in exchange for commercial paper to the banks, hold the reserves behind their deposits, mobilized for use in any emergency, and rediscount the paper held by banks in the system, thus keeping available always credit and currency to ward off financial crises. The bills propose to put the entire system under the control of a federal reserve board to be appointed by the president.

## Number of Reserve Banks.

Although agreeing as to the purposes to be accomplished by the proposed legislation, the three plans differ in almost every point in attempting to carry out these purposes. As it passed the house, the Glass-Owen bill proposed the creation of twelve regional banks. The Democrats of the senate committee cut them to eight, the minimum number the president was willing to accept. The Republicans reduced the number to four.

The twelve regional banks proposed by the house bill would be owned by the banks, through compulsory subscription to the stock and the banks would elect six of the nine directors of each regional institution. This plan was retained by the Democrats of the senate committee, although it was further provided, if the banks did not furnish enough capital to run the system, the stock might be sold to the public.

On this point Senator Hitchcock and the Republicans departed from the administration theory of creating a "bank of banks" and materially changed the bill. They provided that the reserve banks' capital should be subscribed by the public, the banks taking whatever part the public would not take, and that the government through the federal reserve board should appoint five of the nine directors of each regional bank. This was the proposition which split the senate committee into two camps.

## Reserve Materially Reduced.

Each of the bills materially reduced the present reserve which national banks must hold against deposits. The house bill would fix the reserve at 12 per cent for country banks, and 18 per cent for banks in present reserve cities. These rates were retained by the administration forces in the senate committee, but the Republican wing cut down the reserves of the city banks to 15 per cent.

In the house bill the paper made eligible for rediscount and as a basis for currency is commercial paper based on actual merchandising transactions, maturing in not less than ninety days. This provision was retained by the Democrats in the senate committee, but the Republicans broadened it materially. Under their bill a part of the member banks' red counts may be made in paper maturing up to six months. The provision gives the advantage to banks with small capital which have little so called short time paper.

Both the house bill and the Owen bill would allow country banks to loan on one-year farm mortgages. The Republicans amended this to allow banks to loan one-third of their time deposits on five-year farm mortgages.

## "Fine Fruit Land" Is 7,000 Feet High.

Chicago, Nov. 21.—E. H. Sherman of Lyon, Mont., and H. A. Mason, formerly affiliated with the Yellowstone National Land company, were arraigned in the federal court here on charges of using the mails to defraud and were fined \$1 each. According to charges by the government, the defendants fraudulently represented the character of land they were selling. The property was advertised as "fine fruit land." Government agents said the land is at an altitude of 7,000 feet and is not free from frost one month in the year.

# Complaints

"No use to complain to the light company" is a phrase we do not want to hear in Maryville. Any just complaint will have a fair hearing and a fair adjustment and we do not want anyone to hesitate to let us know of any matter they consider is wrong either regarding service or bill. Many times a few words of explanation can adjust a matter which does not look right to a patron. Remember that a dissatisfied customer is a poor advertisement for any company and if we can do anything which is reasonable to satisfy our patrons it is to our advantage to do that thing. We admit our motives in this matter are purely selfish.

## FOOD PRICES REACH THEIR HIGHEST MARK

Are Twice as High as Twenty Years Ago.

Washington, Nov. 21.—Retail prices of food were higher Aug. 15 than at any other time during the last twenty-three years, according to figures of the bureau of labor statistics. Retail prices of the principal articles of food in forty important cities show that during the year twelve of the fifteen articles advanced in price while only three declined.

Compared with average prices for the ten-year period, 1890 to 1899, every article for which prices were noted, with the exception of sugar, advanced. Bacon advanced 138 per cent, pork chops 124.5 per cent, round steak 108.4 per cent, smoked ham 92.2 per cent, sirloin steak 79.3 per cent, rib roast 76.5 per cent, potatoes 75.2 per cent, hens 73.2 per cent, lard 69.8 per cent, eggs 66.4 per cent, cornmeal 60 per cent, butter 41.8 per cent, milk 38.8 per cent. Sugar declined 2.2 per cent.

When the price of each of the fifteen articles of food is considered, according to average consumption in workmen's families, retail prices on Aug. 15, 1913, were \$6.1 per cent above the average price for the ten-year period, 1890 to 1899, and 14.9 per cent above the price on Aug. 14, 1911.

## MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If Tongue is Coated or if Cross, Feverish, Constipated, Give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Advertisement.

## O'SHAUGHNESSY'S ADVICE NOT HEEDED

Diplomats of Other Countries at New Mexican Congress.

Mexico City, Nov. 21.—The only country represented diplomatically at the Mexican capital not represented at the opening session of the new congress was the United States. Nelson O'Shaughnessy, the charge d'affaires, acting under instructions, was absent from the session. Sir Lionel Carden, the British minister, was a few minutes late and his delay in arriving gave rise to the rumor that he, too, had been instructed to absent himself.

At least two diplomats did not see fit to follow the advice and the example of the United States. The charges of Cuba and Brazil were reminded by Mr. O'Shaughnessy earlier in the day that their governments had not recognized that of President Huerta and suggested that they remain away.

### EIGHT HELD BY GRAND JURY

Everglades Land Scheme Promoters Indicted for Misuse of Mails.

Kansas City, Nov. 21.—Eight officials and agents of the Florida Fruit Lands company were indicted by the federal grand jury here on a charge of conspiracy to use the mails to defraud in connection with the sale of 150,000 acres of land in the Everglades district of Florida to 12,000 purchasers in various states.

Those indicted are Richard J. Boltes of Jacksonville, Fla.; George A. Padlock of Chicago, Ill.; Jess L. Billingsly of Jacksonville, Fla.; and John Matthews, J. H. Martin, R. J. Borders, Edward C. Chambers and A. D. Hart of Kansas City. Each was indicted on twenty-one counts.

### WILSON PRESSES BUTTON

President Touches Key Which Opens Land Show in Chicago.

Chicago, Nov. 21.—The annual land show opened here with exhibits showing products of every agricultural section of this country and Canada. The United States exhibits include dry land farming, reclamation of desert lands and road building. A special exhibit by the department of agriculture shows the results of education. Charts simple enough to be understood by a school boy prove school education to be worth in results \$10 for each day of school attendance. President Wilson pressed a button in the White House to throw on the electric current that opened the show.

## STOP CATARRH!

Unless Properly Treated With Hyomel This Disease May Become Serious.

If you have catarrh, indicated by sniffing, stopped up head, droppings in the throat and morning choking, there is an irritated state of the mucous membrane which affords an ideal condition for the growth of disease germs.

Do not allow these dangerous germs to begin the destruction of your health. The easiest, simplest, quickest, surest and cheapest way to check catarrh is by breathing Hyomel. This wonderful medicated air treatment does not upset the stomach, but is breathed in through the Hyomel inhaler, directly following and surely destroying all disease germs that may have been inhaled—the tissues of the throat, nose and lungs are quickly healed and vitalized.

Money refunded by the Orear-Henry Drug Co. to anyone whom Hyomel fails to benefit. A complete outfit costs but \$1.00.

### Suffragist Must Appear in Police Court

Washington, Nov. 21.—A policeman in plain clothes called at the national suffrage headquarters here and introduced himself to Miss Lucy Burns. They shook hands, and the officer politely invited the suffrage leader to appear in police court today to answer a charge of violation of a District ordinance by chalking the sidewalk in front of the White House to advertise a woman suffrage meeting. Miss Burns smilingly promised to be there.

### SKIN ERUPTIONS.

Evidence of Impure Blood and a Run-Down Condition.

When the blood becomes thin, poor, devitalized nature cries out through such external evidence for help, and the safest, surest and most helpful remedy we know is Vinol.

This is because it is a combination of the two most world famed tonics—the medical curative elements of cod liver oil (without the oil) and tonic iron for the blood. Vinol strengthens the digestive organs, creates a healthy appetite, purifies and enriches the blood, creates strength.

Mrs. Helen Wingate, St. Louis, Mo., says: "I was in very poor health, nervous and run-down, and nothing in the way of medicine did me any good until my druggist recommended Vinol. It built up my health, restored strength and I feel that I owe my life to Vinol. I cannot praise it too highly."

We say positively there is nothing like Vinol to purify and enrich the blood and build up weak, run-down people. If it should fail in your case we will return your money. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

### Carries a Broken Arm.

Harry Allen, son of Mr. and Mrs. Gabe Allen, had his arm broken Thursday while cranking a car.

Mrs. C. H. Huff of Fairland, Okla., who is visiting the family of her brother, S. C. Babb, north of Maryville, was taken to St. Francis hospital Friday to be operated on for appendicitis.

Lou Night of near Gaynor was a city visitor Thursday.

Mrs. Elisha Cole left Friday for Bedford and Conway, Ia.

### Lightning and Forest Fires.

Lightning is held responsible for most of the forest fires this year, and while the number of severe local thunderstorms has been somewhat exceptional, this is a fresh reminder that the exercise of care by railroads and campers, good in itself, can never yield full protection. No matter how well the laws are observed there must be fire from time to time, kindled as nature has been kindling them for ages; origin, perhaps, of the Prometheus legend. The remedy must be found in the gradual and systematic application of scientific forestry, including fire lanes and the careful clearing away of brush and fallen timber. There is need, too, of a further extension of the patrol service, with a network of watchtowers from which an incipient fire can be quickly discerned. In this state such a network is nearly complete, and with the help of the telephone a force of firefighters can quickly be dispatched to the scene. The needless loss of valuable timber in recent years runs far up into the millions, but the day of such prodigal waste is rapidly drawing to an end.

### Neglected Neighborhoods.

You can find in almost any town a "neglected neighborhood." The easiest thing to do with such a neighborhood is to keep on neglecting it.

It is so easy for us to study these topics as if they were about other places and people than ourselves and our homes. Is there a neglected corner in your town, or in your county? If there is what are you going to do about it? Not "What have you been doing about it?" as "What ought you to do about it?" but "What are you going to do about it?"

If you can't get the committees interested, do something yourself. Do not be afraid.

The thing is to get started. You see, as soon as you have started something, the neighborhood is no longer neglected. And then it will be an easier matter to get someone to come in and help.—Christian Herald.

## REGIMENTAL BAND

THE MARYVILLE BAND MAY BECOME ONE IF SUCCESSFUL.

## EIGHTEEN ARE WILLING

It is Necessary to Enlist in the Fourth Infantry, N. G. M., for Three Years' Service.

The Maryville band will probably become a regimental band, if plans that are being worked on now are successful.

In order to become a regimental band it is necessary to enlist in the 4th Infantry N. G. M. for three years and the men must be at least 18 years of age and not over 45 and where under 21 parents or guardians consent must be had to enlistment; must pass a physical examination; must have at least 18 men or a maximum of 28 men.

The band would also be liable to service anywhere at the call of the president in case of war.

Prof. T. B. Maulding, the band director, has taken the matter up with the band boys and there are eighteen of them willing to join Company F, the Maryville company of the Fourth regiment. As this is the required number and as all of them, no doubt, can pass the physical examination, there probably is no doubt that the Maryville band will also be known as the Fourth regiment band. The band boys will be mustered in some time within the next few weeks and Col. MacDonald of St. Joseph has been notified of the fact.

The following are the members of the band that have signed the application blank to become members of Company F:

T. B. Maulding, Leon J. Canon, Leo Moody, O. K. Bovard, H. E. Maulding, Albert Butherford, P. E. Denny, L. H. Shanks, Robert V. Bonnett, Mel Atherton, T. F. Drayton, Paul Bassford, J. S. Clark, Robert Bramble, Chris Lavel, Newton Wilson, Stewart Barrar, Cecil Goforth, E. J. Goebe, J. W. Wiles and Frank A. Schumacher.

Prof. Maulding was a member of the Fourth regiment band when Prof. Maupin was in charge of the band.

## TO HAVE A BOX SUPPER.

The Ravenwood School to Give One Saturday Night at the Opera House in That Town.

The Ravenwood school will give a box party Saturday night at the opera house in that town, the proceeds to be used for the school library. The girl whose box brings the most money will be presented a beautiful "Lavalliere."

The following is the program that will be given:

Song, "If We Were You and You Were Us."

Recitation, "A Thankful Girl," by Helen Jones.

Recitation, "The Proud Turkeys," W. Holtsclaw.

Play song, "Four Little Maids at Tea."

Recitation, "Dolly's Lesson," Katherine Goodson.

School chorus, "Emblem of Freedom."

Recitation, "A Thankful Boy," Hazel King.

Action song, "Dolly Lullaby."

Recitation, "A Sensible Boy," Marvin Bishop.

Kitchenola, "New Invention."

Song and drill, "Reuben and Rachel."

Recitation, "At School and at Home," Faye Jones.

Novelty song, "The Champeen Base Ball Nine."

Recitation, "What Mamma Said," Mildred Wygal.

Comedy play, "A Case of Suspension," one of the cleverest little plays ever written.

## CLERKS TO LICK STAMPS.

Christmas Gift Buyers This Year Will Not Be Forced to Lick Their Own Stamps.

The following dispatch is from Washington:

Christmas gift buyers this year will not be forced to lick their own stamps when they affix the proper postage to their parcels for mailing unless they wish to, for the postoffice department announced yesterday that its postmasters and their assistants would attend to that duty if required.

The innovation is put in force in the interest of better mail service during the holiday rush and is expected to facilitate the movement from the vast crush of packages that will tax the resources of the department's many employees.

Orders were issued yesterday to postmasters to affix postage when required on mail of the second, third and fourth class, the latter being parcel post matter. The stamps will be pre-cancelled and the plan is expected to prevent the great waste of time experienced by postoffice patrons while waiting in line to buy postage and mail their packages.

"Under such authorization," declared Postmaster General Burleson, "when a parcel is presented for mailing the clerk receiving it, after collecting the required postage, may indorse on the package the amount of postage which the latter will be affixed by an employee of the postoffice. The postmaster general believes this plan will result in a great saving of time to the department as well as to the people."

## A BIG ELECTRIC SIGN.

The Alderman-Yehle Dry Goods Company Has a New One That Contains 166 Electric Lights.

The Alderman-Yehle dry goods store has purchased a large electric sign which is being put up today. The sign weighs 500 pounds and is nine feet long and four feet high. The letters are four inches high and will be lighted by 166 Mazda lamps. The sign was purchased through the Electric Light & Power company and is made up of the simple words "Alderman-Yehle." The sign will burn until midnight every night.

## EIGHTEEN SCHOOLS

COUNTY SUPERINTENDENT OAKERSON VISITED THAT MANY.

## MAKES TRIP IN AUTO

He Reports That Schools Are Doing Fine—Largest Number Ever Visited in One Week.

County Superintendent Oakerson has visited and inspected during this week eighteen rural schools, making the entire trip in his automobile. This is the most number of schools that Mr. Oakerson has visited in a week. Today he went to the Scudder and Blackman schools, south of Maryville.

Prof. Oakerson reports that all of the schools that were visited by him were in a very good condition and that excellent work was being done.

The Central school, west of Bardard, has only four scholars this year and two of these scholars are to leave that school December 1, as their parents are to move away. Last year there was no school at Central, as they made arrangements with the Barnard school to take all of the school children in that district. As the school board has made a contract with the teacher for a regular school term, school will probably still be kept on there.

Miss May Summers, teacher of the Prairie Star school, has resigned and Miss Bessie Cox of this city has been selected to take her place. Miss Cox will commence her work on Monday.

Prof. Oakerson is of the opinion that the best three miles of road in Polk township and also the county, is the road in the vicinity of the Scudder school house, near Granville Gray and the Wamsley farm. The road is five miles south of town and goes a half mile east, then two miles south and a half mile west. The road is being dragged and is in very good condition.

## PARNELL BOYS AT JUAREZ, MEX.

An Exciting Time Had When the Rebels of That Country Took the Town Last Saturday.

Fred Breit received a letter from Ben Jones Tuesday telling him about a few things that happened at Juarez, Mexico, Saturday morning when the rebels of that country took the town.

Jones and some of the other Parnell boys got into the judges' stand as soon as they heard the shooting to see what could be seen. They had not been in there but a very short time when a few bullets whistled around them, and Ben said it did not take them long to get down and out and hunt for more convenient shelter.

The boys went uptown the next morning and said they saw the worst sight they ever beheld. The dead and dying were strewn over the streets and sidewalks.

One of the Mexicans, during the morning hours, took a horse next to one of Ben's and took the latter's saddle and bridle and rode away with it. Ben has a string of some seven or eight horses at the race track at Juarez but he did not take any of them over to El Paso, Texas, which is about five miles distant.

The Parnell party at Juarez consists of Ben Jones, Ed Stites, Ben McClain, Harry Garner and Frank Cummings. Ed Prather of Maryville is also with the boys—Parnell Sentinel.

## Another Boy Shot.

Ray, a son of William Ecker, living four miles north of Elmo, accidentally shot himself in the foot with a target rifle Saturday, November 8. He was trying to get a shot at a crow, when in come way the rifle, which was cocked, was accidentally discharged, the ball passing through his foot. Medical aid soon fixed him all right, and he will soon be as well as ever.—Elmo Register.

## Auto Party From Pickering.

Mrs. C. G. McMillen, Mrs. Walter Johnson and son, Mrs. Howard Wray and daughters comprised an automobile party of Pickering ladies to Maryville Thursday afternoon on a shopping trip. J. L. Neal brought them in his car.

## Auto Was Damaged.

In an accident Thursday evening about 6 o'clock in front of Price & McNeal's store, Homer Shipps' car was damaged to the amount of nearly \$100 when a collision occurred with a hay wagon, driven by Abe Cunningham.

## AUDITORIUM FULL

SERVICE AT BUCHANAN STREET M. E. CHURCH DREW CROWD.

## MANY MOVED TO TEARS

"Prayer is Essentially Secret, Even in Public," States Dr. U. G. Foote—Preaching at 7:30 Tonight.

The service last night at the Buchanan Street Methodist church drew a congregation large enough to comfortably fill the auditorium. Dr. U. G. Foote's theme was "Secret Prayer." The sermon was eloquent and spiritually powerful. The speaker held the attention of his congregation from the beginning, and during the discourse many were moved to tears. In many respects it was a notable service. Dr. Foote said in part:

"Campbell Morgan and Joseph Parker were discussing the needs of the young ministers of England. Parker said: 'For my part I had rather teach ten young men to pray than an hundred to preach.' Jesus said very little about homiletics, but he said much about prayer. Prayer is essentially secret. It may be oral at times as it must be in a place of public worship, or with the family, but strange as the paradox may sound, even public prayer must be secret prayer. To pray in secret is to be independent of environment. Secret communion is to shut the soul in alone with God. The external gates of sensibility must be closed. One's thoughts must go to the ultimate shrine of the soul and there alone worship. A young reporter, in writing up a religious meeting said: 'Dr. Smith delivered a most eloquent prayer to the audience.' Do you not then understand what I mean when I say that even public prayer must be secret?"

"Prayer in its most holy and secret moods is vicarious. Moses said, let me die but save the people. Davis said, 'My son, would God I had died for thee.' Knox cried, 'Give me Scotland or I die.' A good woman whose husband was unwell, prayed: 'Save my husband or blot me out of thy book.' If we would have spiritual results we must sacrifice ourselves in vicarious suffering and agonizing prayer."

Dr. Foote will preach again this evening at 7:30 p. m. Sunday afternoon a special service will be held for fathers and sons. A special invitation is extended to every father in Maryville to come and bring his son to this meeting. Dr. Foote is the father of two boys, and will have some things of special interest to say about the sacred relation between father and son.

## LEAVES ESTATE TO CHURCH.

Mrs. Johanna Morrissey, Who Died Recently, Gave Property to St. Patrick's Church.

The will of Mrs. Johanna Morrissey, who died recently, was filed in probate court Friday, and the estate is valued at \$400 or \$500. A bequest of \$50 is given to her sister, Alice Kien of Miles, Mich. The rest and residue of the estate is given to Bishop Burke of St. Joseph for the use and benefit of St. Patrick's church of this city. T. A. Cummins was named as executor of the estate. The will was written on February 22, 1902, and was witnessed by Clemens Niemann and Henry Roney.

## Was Sent to His Relatives.

Fred McRobertson, aged 60 years, who has been in the Gaynor City neighborhood for a number of months, was sent to Dyersburg, Tenn., Thursday, the county court paying the railroad fare of \$14. McRobertson has been in that neighborhood working a little. As he has no money the court suggested that he be sent to the poor farm, but the old man refused, saying that if the court would pay his fare he would go to his relatives in Tennessee.

## His Health Fully Recovered.

Charles McNeal went to Creston Thursday night to meet his son, Harold McNeal, who has been taking treatment several weeks at a sanitarium in Waukesha, Wis., for kidney trouble. They stopped in Lenox Friday morning for a day's visit with Mr. McNeal's sister, Mrs. Phil Ridgeway. Harold McNeal returns home entirely cured.

## Will Bring Back New Car.

Mr. and Mrs. T. L. Wilderman went to Kansas City Friday morning for a two days' stay and will return in Mr. Wilderman's new Studebaker car.

Elver B. Miller of Bedford, Ia., and Miss Minnie B. Grass of Hopkins were issued a marriage license in St. Joseph Thursday.

## JURY ACQUITS MORGAN.

Albany Murder Case Ended Thursday Night With the Verdict of Jury.

Jack Morgan was Thursday night found guilty of the murder of Virgil Deen, his brother-in-law, whom he shot to death on the main street of Albany June 28, last. The jury was given the case at 4:10 o'clock and returned a verdict at 7:40. It is understood that only one ballot was taken.

The trial had attracted many visitors from all over Gentry county to Albany, as interest in the case was high. The trial had lasted four days and was heard by Judge W. C. Ellison. The case was prosecuted by Prosecuting Attorney E. C. Lockwood and B. Raleigh Martin of St. Joseph, who had been engaged to assist him. The defense attorneys were D. D. Reeves and J. W. Peery.

The killing of Deen by Morgan was the culmination of trouble of some time standing between the two men. June 25 Mrs. Deen had gone to the home of her sister, Mrs. Morgan, asking that she be allowed to stay there, and saying that her husband had knocked her down and beat her. Mrs. Morgan, Mrs. Deen, and another sister, a Mrs. Porter, came to Albany the next day and swore to a warrant for Deen's arrest. The following day Deen was arrested by Sheriff Ross and released under \$500 bond.

The following Saturday, June 28, Morgan, with his wife and daughter and Mrs. Deen, drove to Albany and spent the day there. About 6 o'clock, as the Morgans were preparing to go home, Morgan encountered Deen on the street, just as he was emerging from Johnson's drug store. As Morgan stepped out Deen is said to have called him a vile name, and an instant later Morgan drew a revolver and fired four shots in rapid succession, three of them taking effect. Deen died at 2 o'clock the next morning.

Witnesses testified that Deen had an open knife in his hand and was about to attack Morgan when he met his death. It was also brought out at the trial that he had threatened to "put Morgan where the dogs couldn't bark at him."

The fact that the streets of Albany were crowded at the time lent interest to the case, and many of those who witnessed the tragedy or were on the ground a few minutes after it occurred came to the county seat for the trial.

Morgan is a reputable and well to do farmer. Character witnesses at the trial testified to his honesty and standing in the community, while evidence showed that Deen had an unenviable record of convictions for petty thefts and peace disturbance, and bore generally a bad reputation in the community. It was freely predicted from the start that the trial would result in an acquittal for Morgan.

## PIONEER RESIDENT

WAS MRS. SOLOMON HAWK, WHO DIED TODAY AT GUILFORD.

## CAME 50 YEARS AGO

Had Make Her Home in the Guilford Vicinity All of That Time—Funeral to Be Held Saturday.

Mrs. Solomon Hawk, a pioneer resident of Washington township, living four miles northeast of Guilford, passed away Friday morning after a two weeks' illness.

The funeral services will be held Saturday afternoon at the M. S. church in Guilford, conducted by the pastor, Rev. Bilby.

Mrs. Hawk was 79 years of age last March, and retained remarkable vigor and strength until taken to her bed two weeks ago. Her husband survives with their children, at the age of 87 years. They were a most remarkable couple, able to attend to all their affairs, and each Saturday going to Guilford to do their marketing and taking a keen interest in everything in the community of religious, social and educational import.

They settled in Washington Township in early manhood and womanhood, marrying in three weeks after their arrival in the county, their families having been old friends. They saw every advancement made in the county, and did their part in advancing everything that was for the good of the community.

Mrs. Hawk was all that a woman can be as a Christian wife, mother and friend. All who met her were impressed by the fineness of her character, and those who visited her home were charmed by her fitness in such a place. She was pre-eminently a home woman and the sweetness of her life was expressed in the flowers she grew about her home in rich profusion, and her daily life as a Christian.

Five children survive, Mrs. Leona Weathermon of Guilford, Mrs. J. L. Thompson, near Guilford; Mrs. Sadie Proctor of Ravenwood, Wallace and Marion Hawk of Beattie, Kan.

## Left for Georgia.

Miss Georgia Crawford, the 14-year-old daughter of Charles Crawford of near Ravenwood, left Maryville Thursday night for Washington, Ga., to spend the winter with her aunt, Mrs. T. S. Burns, who will meet her at Atlanta. Miss Georgia has been in declining health for some time and has been in Maryville under the care of Dr. Grace Phelps for several weeks. Her mother died a year ago this month at her home near Ravenwood. Georgia was sick in St. Francis hospital of appendicitis at the time and the body was brought to the hospital in Maryville that she might see her mother's face for the last time. Miss Georgia is a niece of the late George Keef of Maryville, who was killed in an automobile accident near Barnard late in the past summer.

## TO GET FOOTBALL RESULT HERE.

The Democrat-Forum has made arrangements to get the result of the Missouri-Kansas football game, which will be played tomorrow afternoon at Columbia. All telephone calls will be answered promptly.

A marriage license was issued Thursday in St. Joseph to Robert Taylor Miller of Denver, Col., and Lena Mae Hansen of Guilford.

Mrs. John Cornutt and Miss Bessie Cornutt went to Barnard Thursday evening to visit Mrs. Elmer Smith, who is ill.

Frank Powell and Miss Vina Powell of Ravenwood were shopping in Maryville Thursday.

### Pointed Paragraphs.

Play is merely work that you don't have to do.

Much greatness is submerged by the overflow of egotism.

The hobo's idea of a helping hand is one that holds a handout.

The Lord loves a cheerful giver, and everybody loves a cheerful loser.

Money is the root of all evil—and many a family tree springs therefrom.

Love doesn't make the world go round as often as it makes the lover go broke.

A woman worries more about her complexion than she does about her prospective bar and crown.

Love may laugh at locksmiths when the milliners and the dress makers don't even get a pleasant look.

"Men don't understand women," says a pessimist; "if they did the women would have to do all the chasing."

The "wise" man follows the lines of least resistance, by telling all women how well they look and all mothers their babies are beautiful.—Chicago News.

### The Valuable Education.

H. J. Waters, president Kansas Agricultural college—For the young man who is to go from the school to the farm, it is far better that he know how to judge stock, how his soil is wasted, and how to market the products of his labor, than can possibly be the most exhaustive study of ancient and mediaeval history that any high school can afford.

To the young man who is to take his place in the industries, high school training in drawing, shop work, commercial arithmetic, bookkeeping, stenography and typewriting will prove far more useful than ever the biological sciences, much less an ancient or modern language.

To the girl who is to take her place at the head of a home, a knowledge of human nutrition, of personal hygiene, of home decoration, sewing and cooking, will serve a far more useful purpose than a study of higher mathematics.

### Sunday at First M. E. Church.

## POSTAL SAVINGS BONDS.

To Be Issued January 1 to Depositors of Postal Savings Bank of They So Desire.

The following is the information concerning postal savings bonds to be issued January 1, 1914.

By applying on or before December 1, 1913, depositors of the postal savings system may exchange the whole or a part of their deposits for United States registered or coupon bonds in denominations of \$20, \$100 and \$500, bearing interest from January 1, 1914, at the rate of 2½ per cent per annum, payable semi-annually, and redeemable at the pleasure of the United States after one year from the date of issue, both principal and interest payable twenty years from that date in United States gold coin.

Postal savings bonds are exempt from all taxes or duties of the United States, as well as from taxation in any form by or under state, municipal or local authority.

Applications for the conversion of deposits into bonds on January 1, 1914, must be received on or before December 1, 1913, by the postmaster at the depository office where the certificates were issued. The postmaster will supply an application form, which must be made out in triplicate. The depositor must indorse and surrender with his application postal savings certificates covering the amount of the bonds desired, for which the postmaster will give him a receipt. The bonds will be issued by the secretary of the treasury and delivered direct to the applicants. Owing to the time required for printing and registering, the bonds will not be ready for delivery until February 1 or later, though bearing interest from January 1.

The conversion of deposits into bonds are not counted as a part of the maximum of \$500 allowed one depositor, and there is no limitation on the amount of available savings bonds which may be acquired finally by a depositor. The exchange is considered as effective on January 1, and a depositor who has applied to convert into bonds all or part of the maximum balance of \$500 may deposit an additional amount in January, though the bonds may not yet have been delivered.

Postal savings bonds can be procured only by the conversion of postal savings deposits and will not be issued to persons who are not depositors. They may be sold or assigned to any person, however, by the holder, and when a registered bond is assigned a new bond will be issued in the name of the owner.

The depositor's application must indicate whether bonds are desired in registered or coupon form. Coupon bonds are preferable for a depositor who intends to hold them for a short time only and who has ample facilities for their safe keeping. These bonds are payable to bearer, and the title will pass by delivery without indorsement. Interest on coupon bonds is collected by means of interest coupons, which are detached by the holder as they become due.

Registered bonds are preferable for persons intending to hold them for a considerable period, and they differ from coupon bonds in the following respects:

(a) They have inscribed upon their face the names of the persons to whom they are issued.

(b) They are payable only to the persons to whom issued or their assigns.

(c) The ownership of registered bonds can be transferred only by assignment in proper form.

### A Large Splinter in His Foot.

Earl Bush ran a large splinter into the ball of his foot early last spring. As was supposed at the time, the splinter was removed, but the sore never entirely healed and of late had been much worse. It was finally decided that the foot would have to be operated on. Sunday afternoon Dr. Dowell cut open the ball of the foot and found a part of the splinter, about the size of a common match, imbedded in the flesh. The splinter was removed, also the injured and decayed flesh, and the incision sewed up. Earl is now getting along nicely and will soon be all right again.—Clearmont News.

Mrs. Charles Eckert went to Bolckow Friday morning to spend the day with her parents, Mr. and Mrs. T. W. Chamberlain.

## News of Society and Womens' Clubs

### Meets at Anthony Home.

The P. E. O. chapter will meet Saturday afternoon at 2:30 o'clock with Misses Hettie and May Anthony.

### Guest at the Bazaar.

Mrs. Will Houston of Burlington Junction was the guest of her daughter, Mrs. Emmett Scott, Thursday at the M. E. church bazaar.

### Thursday Dinner Guests.

Mr. and Mrs. E. G. Husband and daughter of Parnell, Dr. and Mrs. M. M. Rhoades of Graham drove to Maryville in their cars Thursday and were among the guests at the M. E. church bazaar dinner.

### Entertained at Dinner.

Mr. and Mrs. Reuben Young and Miss Ruth Young, living six miles east of Maryville, entertained at 6 o'clock dinner Wednesday evening the following guests from Maryville: Mr. and Mrs. Albert Mercer, Mr. and Mrs. Lou Denny and Mr. and Mrs. H. J. Becker.

### Entertained Art Club.

The Parnell Art club of Parnell met Thursday afternoon at the home of Mrs. George Crossan. The hostess was assisted in serving a two-course luncheon after the work hour by Mrs. E. A. Breit. The members were all present and the following out-of-town guests: Mrs. McKay of Wapello, Ia.; Mrs. Hurley of Cordell, Okla.; Mrs. Lester Bennett of Maryville; Mrs. Gertrude Thomas of Belvidere, Ill.

### Dinner for Bedspread Club.

Mrs. James LaFavor of Parnell gave a dinner Friday at 12 o'clock to the members of the Bedspread club, composed of ladies from Ravenwood and Parnell. Her guests were Mrs. Bentley, Mrs. Casteel, Mrs. Duffy, Mrs. Goodson and Mrs. Hunter of Ravenwood; Mrs. John Stewart of Maryville; Mrs. F. A. Bloomfield, Mrs. Earl Addy, Mrs. John Kennedy, Mrs. Wallace Kennedy and Mrs. George Felton of Parnell.

### A Gift for Mrs. Fisher.

About forty women of the Aid society of the First Christian church were present at its meeting Thursday afternoon in the church parlors. The meeting was made entirely social, in honor of Mrs. A. T. Fisher, who leaves in a few days for her new home in St. Joseph, Dr. Fisher having been recently appointed a member of the board of physicians of the state hospital in that city. After the luncheon Mrs. Fisher was presented a set of sterling silver salad forks. She responded to the remembrance in words that were valued by all present.

### Gave Him a Surprise.

LaVerne Robey, the 8-year-old son of Mayor A. S. Robey, was given a surprise party Wednesday evening to

celebrate his eighth anniversary. While he was visiting his boy friends at the home of Mr. and Mrs. Ed Masters, the guests gathered, and he was summoned home. When he reached the house all was in darkness, and on turning on the lights he was greeted with shouts of laughter from his friends, all seated in the room about him. It was certainly a complete surprise for the honor guest, Mrs. Robey and Miss Virginia Lawson were assisted in entertaining and serving refreshments by Miss Grace Ferritor. Authors and other games were played. The guests were Olean and Lawrence Masters, Erwin Broyles, Donald and Edwin Ferritor, Jr., Lorace Landfather, Lota and Clara Landfather, Margaret Louise Hosmer, Genevieve Todd, Mary Ferritor, Esther Wells, Leatha Daniels, Carl, Russell and LaVerne Robey and D. L. Robey.

### Progressive Hayrack Ride.

The Amoma class of the First Baptist church Sunday school took a novel way of calling on the new members of the church Thursday night, in what they termed a progressive hayrack ride. Twenty-eight people were visited and flowers were left at each place in way of greeting. The new pastor and his wife, Rev. and Mrs. Louis M. Hale, were first visited and then kidnapped by the callers for the remainder of the evening in making their calls. Another progressive ride will be taken soon by the class, and visits made to the homes of the other new members not yet visited. The callers were Rev. and Mrs. Hale, Mrs. E. L. Harrington, Mrs. Edna Borrsch, Misses Mollie and Lou Henderson, Laura White, Inez Teaney, Ina Campbell, Alma Nash, Frances Miller, Clara Woods, Eva Davis, Mabel Hunt. The homes visited were those of Mr. and Mrs. Harry Allen, Mr. and Mrs. Clyde Avitt, Mr. and Mrs. Edward Brewer, Mr. and Mrs. W. E. Glover, Mr. and Mrs. John Hopkins, Mr. and Mrs. Robert Jones, Mrs. L. P. James, Mr. and Mrs. George H. Meek, Mr. and Mrs. N. B. Newlon, President and Mrs. Ira Richardson, Mr. and Mrs. W. C. Risher, Mr. and Mrs. Warren Spoor, Mrs. Mary Landon, Mr. and Mrs. E. E. Grubb.

### Bazaar is Big Success.

The bazaar at the First M. E. church had the best first day, excepting one, in its history Thursday. The ladies cleared \$84 from their chicken pie dinner and many were turned away from the dinner, as provision for so crowd was present for the supper and the musical entertainment in the auditorium that ended a splendid social evening was highly enjoyable. The booths present a prettier appearance than ever, the candy booth decorated in wisterias and chrysanthemums, attracting the most favorable comment, while all the others, though not so colorful, are dainty and beautiful white flowers or yellow chrysanthemums. The articles on sale outnumber any previous year, and every department shows improvement over previous years. The fancy work departments, where knitted bedspreads and embroidered linens hold sway, are the most popular for Christmas presents, as well as the booth of dainty small articles. In the tea booth many are attracted by the many lovely articles on display from foreign lands by Mrs. George Bellows and Miss May Corwin, who have been in Europe within the last three years. Miss Corwin five months of last year. Among them are a silk robe from Sorrento, Italy; hand carved ivory fan from Spain; amulet, a talisman, from the sacred mountain of Spain; a lovely mantilla of hand made lace in pomgranate flower design, Granada, the pomgranate being the national flower; Irish crochet lace collar in daisy and grape design; leather purse from Germany; Florentine carved ring; Swiss watch box of chamolli adorned with elk teeth; shell pearl napkin holders from Honolulu; venetian rose point lace from Venice; cameos made from lava from Vesuvius bought in Tangiers; chop plate and vase from Delft factory in Holland; Canadian pitcher from Quebec; Moorish dust broom from Tangiers; Moorish water set, the same style and finish as is used in ceremony of washing of hands by old orthodox Jews, made of brass and beautifully chased, bought in Morocco; pitcher from Amsterdam; Shakespearean pitcher from Stafford-on-Avon; a Moorish tom-tom, a musical instrument made of pottery; chased and etched brass tray, in figures and signs that tell the story of one's life, from Alexandria, Egypt; Spanish fortune telling fan used at bull fights in Seville; royal Japanese table service ware from Tokio, Japan; Algerian bride for horse, handsomely adorned with shells; silk scarf from Morocco, in pale rose and green; Moorish ladies' shoes in red morocco, embroidered in gold; rope-soled Spanish shoes in which Miss Corwin tramped through Italy and Spain; bag pocketbook which Moorish men carry; wooden fork and spoon used by Miss Corwin while on Monsuratt with her party, where they cooked for themselves; watch fob from Cairo, Egypt; corals from Isle of Capri; individual sugar from Madrid; Moorish lady's

## RAIN DAMPENS ARDOR OF REDS

Recalcitrant Navajos Uncomfortable in Mountain Camp.

GIVES U. S. OFFICIALS HOPE.

One of Indians Wanted by Government Surrenders—Medicine Men Doing All They Can to Induce More to Join Uprising, With Little Success.

Farmington, N. M., Nov. 21.—Continued rain for twenty-four hours rendered uncomfortable the position of the recalcitrant Navajo Indians encamped on Beautiful mountain, near Shiprock, and cooled somewhat the ardor of their sympathizers. These conditions gave encouragement to agency officials, who have been trying to secure a settlement without bloodshed. The hope was expressed that continued unfavorable weather would cause the Indians to weaken in their avowed determination to fight if any attempt were made to capture the seven braves wanted by the United States court in New Mexico.

Another hopeful sign was the action of one of the accused Indians in surrendering to Indian Agent Shelton at Shiprock. The brave was confined in the county jail, awaiting orders from Marshal Hudspeth at Santa Fe. That order will be restored and the present differences adjusted with little if any actual resistance was the opinion expressed by Agent Shelton.

The medicine men, who declare that the school work at the agency destroys their occupation, continued their efforts to induce others to join in the uprising, but it was said with little if any success.

### CONSERVATIONISTS ADJOURN

Monopolistic Control of Water Power Is Fought.

Washington, Nov. 21.—Monopolistic control of water power in private hands was denounced, with a declaration that no water power rights owned by the public ever should be removed from public ownership, by the National Conservation congress, which adjourned here. The climax of the water power fight which had agitated the congress for several days came after the committee on resolutions, to which had been referred divergent reports from the waterways committee, submitted that the matter had been taken from its hands by action of the convention.

Gifford Pinchot, former chief forester of the United States, offered an amendment, approved after repeated attempts to adjourn had been made by some southern and western delegates, declaring that monopolistic control of water power in private hands was increasing in the United States "far more rapidly than public control thereof" and that increasing "concentration of water power in some hands" was accompanied by growing control over the power-consuming agencies, the public service companies of the country.

### FIGHT OVER COLD SOUP

One Man Killed and Four Fatally Injured in St. Louis Restaurant.

St. Louis, Nov. 21.—A bowl of soup, served cold, started an argument in a restaurant, which resulted in the killing of one man, probably fatal injury to four others and the arrest of half a dozen uninjured participants in the general fight which ensued.

The dead man is Frank Strubel, who ordered the soup. The man who served the bowl was attacked as soon as the cold liquid had touched Strubel's lips. The restaurant owner, armed with a knife, went to the aid of the waiter, and the cook, armed with a revolver, came to the rescue of both.

Strubel was aided by several men who accompanied him to the restaurant. When the smoke had cleared away the police found Strubel shot to death, two of his companions cut about the head by a butcherknife and two others wounded by bullets from the cook's revolver.

### "DE LUXE" FIRM LOSES SUIT

Seeks to Recover \$6,000 on Note and Is Ordered to Repay \$36,313.

New York, Nov. 21.—The jury in the suit of the "limited edition" book firm of George Barrie & Son against J. Macy Willets to collect on notes aggregating \$6,000 out of a total of \$48,000 given by the defendant brought in a verdict for Willets. Under the verdict he not only recovers \$36,313 which he had paid for "de luxe" books under representations found by the jury to be false, but the entire \$48,000 worth of notes are canceled. The books Willets bought go back to the publisher.

Kentucky Turkey for Wilson.

Washington, Nov. 21.—President Wilson, Secretary Tumulty and the members of the cabinet will have Kentucky turkey for their Thanksgiving dinners. South Trimble, clerk of the house, will furnish pedigreed bronze turkeys raised on his blue grass farm. The president's bird will be a yearling gobbler, weighing forty-four pounds dressed. The others will weigh twenty-five pounds. They have been fattened on celery, chestnuts and red peppers.

### SICK, SOUR STOMACH, INDIGESTION OR GAS

Take "Pape's Diapepsin" and in Five Minutes You'll Wonder What Became of Misery in Stomach.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

## THREE CURRENCY BILLS TO SENATE

Divided Committee Will Report Separate Measures.

### PREPARATIONS FOR THE FIGHT

Decks Cleared in Upper House for Battle Over Proposed Reform of Currency System—Split Over Number of Reserve Banks.

Washington, Nov. 21.—Final preparations were made for the battle over the administration currency reform bill on the floor of the senate, which will begin tomorrow. Three separate currency bills, all based upon the same general theory, will be placed before the senate by the divided banking and currency committee.

Unable to agree on amendments the committee will present the Glass-Owen bill as originally indorsed by the administration and passed by the house. The measure with amendments assumed to be acceptable to the president will be submitted by Chairman Owen and five other Democrats of the committee, Senators Pomerene, Hollis, Reed, O'Gorman and Shafroth. A bill materially changing the structure of the house measure will be presented by the Republicans, Senators Nelson, Weeks, Bristow, McLean and Crawford, and Senator Hitchcock.

All three of the proposed bills contemplate the issue of a currency secured by the prime commercial paper held by the banks of the country. Each proposes the establishment of reserve banks, which will issue the currency in exchange for commercial paper to the banks, hold the reserves behind their deposits, mobilized for use in any emergency, and rediscount the paper held by banks in the system, thus keeping available always credit and currency to ward off financial crises. The bills propose to put the entire system under the control of a federal reserve board to be appointed by the president.

### Number of Reserve Banks.

Although agreeing as to the purposes to be accomplished by the proposed legislation, the three plans differ in almost every point in attempting to carry out these purposes. As it passed the house, the Glass-Owen bill proposed the creation of twelve regional banks. The Democrats of the senate committee cut them to eight, the minimum number the president was willing to accept. The Republicans reduced the number to four.

The twelve regional banks proposed by the house bill would be owned by the banks, through compulsory subscription to the stock and the banks would elect six of the nine directors of each regional institution. This plan was retained by the Democrats of the senate committee, although it was further provided, if the banks did not furnish enough capital to run the system, the stock might be sold to the public.

On this point Senator Hitchcock and the Republicans departed from the administration theory of creating a "bank of banks" and materially changed the bill. They provided that the reserve banks' capital should be subscribed by the public, the banks taking whatever part the public would not take, and that the government through the federal reserve board should appoint five of the nine directors of each regional bank. This was the proposition which split the senate committee into two camps.

### Reserve Materially Reduced.

Each of the bills materially reduced the present reserve which national banks must hold against deposits. The house bill would fix the reserve at 12 per cent for country banks, and 15 per cent for banks in present reserve cities. These rates were retained by the administration forces in the senate committee, but the Republican wing cut down the reserves of the city banks to 15 per cent.

In the house bill the paper made eligible for rediscount and as a basis for currency is commercial paper based on actual merchandising transactions, maturing in not less than ninety days. This provision was retained by the Democrats in the senate committee, but the Republicans broadened it materially. Under their bill a part of the member banks' reds counts may be made in paper maturing up to six months. The provision gives the advantage to banks with small capital which have little so called short time paper.

Both the house bill and the Owen bill would allow country banks to loan on one-year farm mortgages. The Republicans amended this to allow banks to loan one-third of their time deposits on five-year farm mortgages.

### "Fine Fruit Land" Is 7,000 Feet High.

Chicago, Nov. 21.—E. H. Sherman of Lyon, Mont., and H. A. Mason, formerly affiliated with the Yellowstone National Land company, were arraigned in the federal court here on charges of using the mails to defraud and were fined \$1 each. According to charges by the government, the defendants fraudulently represented the character of land they were selling. The property was advertised as "fine fruit land." Government agents said the land is at an altitude of 7,000 feet and is not free from frost one month in the year.

# Complaints

"No use to complain to the light company" is a phrase we do not want to hear in Maryville. Any just complaint will have a fair hearing and a fair adjustment and we do not want anyone to hesitate to let us know of any matter they consider is wrong either regarding service or bill. Many times a few words of explanation can adjust a matter which does not look right to a patron. Remember that a dissatisfied customer is a poor advertisement for any company and if we can do anything which is reasonable to satisfy our patrons it is to our advantage to do that thing. We admit our motives in this matter are purely selfish.

**His Idea of Extravagance.**  
Ikey (to father)—Fadher, vat is extravagance?  
Father (to Ikey)—Extravagance, my son, is wearing a tie ven you've got a beard.—Western Mail.

Mr. and Mrs. J. S. Casteel and Mr. and Mrs. Clarence Steiger of Ravenwood motored to the city Thursday and did some shopping.

Dr. G. C. Trusty of Burlington Junction and Grant Trusty of this city went to Kansas City Thursday evening on business.

Mrs. N. W. Templeton and Miss Neva Templeton went to St. Joseph Friday morning to spend the day.

Mrs. Lucinda Henderson went to Rock Port Friday on a business trip and to visit old friends.

**Professor Hunt is Dead.**  
Omaha, Nov. 21.—Professor E. W. Hunt, associate editor of the Twentieth Century Farmer and formerly a professor of English in the University of Nebraska, was found lifeless in his room at the Flatiron building. He was sixty-three years old and for the last twenty years he had not been enjoying the best of health. The end came suddenly and was apparently caused by heart trouble.

**Sylvia Eludes Arrest.**  
London, Nov. 21.—Miss Sylvia Pankhurst again eluded arrest after having delivered an inflammatory "No rent" speech at Canning Town. About fifty policemen were waiting outside the hall, but Miss Pankhurst came through the main entrance surrounded by a strong bodyguard. She reached her motor car and escaped in safety.

**Everhart has a car load of bran.**

## FOOD PRICES REACH THEIR HIGHEST MARK

Are Twice as High as Twenty Years Ago.

Washington, Nov. 21.—Retail prices of food were higher Aug. 15 than at any other time during the last twenty-three years, according to figures of the bureau of labor statistics. Retail prices of the principal articles of food in forty important cities show that during the year twelve of the fifteen articles advanced in price while only three declined.

Compared with average prices for the ten-year period, 1890 to 1899, every article for which prices were noted, with the exception of sugar, advanced. Bacon advanced 128 per cent, pork chops 124.5 per cent, round steak 108.4 per cent, smoked ham 92.2 per cent, sirloin steak 79.3 per cent, rib roast 76.5 per cent, potatoes 75.2 per cent, hens 73.2 per cent, lard 69.8 per cent, eggs 66.4 per cent, cornmeal 60 per cent, butter 41.8 per cent, milk 38.8 per cent. Sugar declined 2.2 per cent.

When the price of each of the fifteen articles of food is considered, according to average consumption in workmen's families, retail prices on Aug. 15, 1913, were \$6.1 per cent above the average price for the ten-year period, 1890 to 1899, and 14.9 per cent above the price on Aug. 14, 1911.

### KANSAS MOOSERS MEET

Stubbs Says T. R. the Only Man Who Can Beat Wilson.

Topeka, Nov. 21.—Progressives from forty counties in state conference cheered the statement of W. R. Stubbs, former governor, that Theodore Roosevelt was the only man who could defeat President Wilson for re-election, adopted resolutions calling for complete state, district, county and township offices in Kansas in 1914 and decided the Progressives could better afford to lose the next election than to amalgamate with the Republican party.

### Real Turkey Trot in Texas.

### MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If Tongue is Coated or If Cross, Feverish, Constipated, Give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Advertisement.

### O'SHAUGHNESSY'S

ADVICE NOT HEEDED

Diplomats of Other Countries at New Mexican Congress.

Mexico City, Nov. 21.—The only country represented diplomatically at the Mexican capital not represented at the opening session of the new congress was the United States. Nelson O'Shaughnessy, the charge d'affaires, acting under instructions, was absent from the session. Sir Lionel Carden, the British minister, was a few minutes late and his delay in arriving gave rise to the rumor that he, too, had been instructed to absent himself.

At least two diplomats did not see fit to follow the advice and the example of the United States. The charges of Cuba and Brazil were reminded by Mr. O'Shaughnessy earlier in the day that their governments had not recognized that of President Huerta and suggested that they remain away.

### EIGHT HELD BY GRAND JURY

Everglades Land Scheme Promoters Indicted for Misuse of Mails.

Kansas City, Nov. 21.—Eight officials and agents of the Florida Fruit Lands company were indicted by the federal grand jury here on a charge of conspiracy to use the mails to defraud in connection with the sale of 150,000 acres of land in the Everglades district of Florida to 12,000 purchasers in various states.

Those indicted are Richard J. Bolles of Jacksonville, Fla.; George A. Pad dock of Chicago, Jess L. Billingsley of Jacksonville, Fla., and John Matthews, J. H. Martin, R. J. Borders, Edward C. Chambers and A. D. Hart of Kansas City. Each was indicted on twenty-one counts.

### WILSON PRESSES BUTTON

President Touches Key Which Opens Land Show in Chicago.

Chicago, Nov. 21.—The annual land show opened here with exhibits showing products of every agricultural section of this country and Canada. The United States exhibits include dry land farming, reclamation of desert lands and road building. A special exhibit by the department of agriculture shows the results of education. Charts simple enough to be understood by a school boy prove school education to be worth in results \$10 for each day of school attendance. President Wilson pressed a button in the White House to throw on the electric current that opened the show.

### STOP CATARRH!

Unless Properly Treated With Hyomei This Disease May Become Serious.

If you have catarrh, indicated by sniffing, stopped up head, droppings in the throat and morning choking, there is an irritated state of the mucous membrane which affords an ideal condition for the growth of disease germs.

Do not allow these dangerous germs to begin the destruction of your health. The easiest, simplest, quickest, surest and cheapest way to check catarrh is by breathing Hyomei. This wonderful medicated air treatment does not upset the stomach, but is breathed in through the Hyomei inhaler, directly following and surely destroying all disease germs that may have been inhaled—the tissues of the throat, nose and lungs are quickly healed and vitalized.

Money refunded by the Orear-Henry Drug Co. to anyone whom Hyomei fails to benefit. A complete outfit costs but \$1.00.

### Suffragist Must Appear in Police Court

Washington, Nov. 21.—A police man in plain clothes called at the national suffrage headquarters here and introduced himself to Miss Lucy Burns. They shook hands, and the officer politely invited the suffrage leader to appear in police court today to answer a charge of violation of a District ordinance by chalking the sidewalk in front of the White House to advertise a woman suffrage meeting. Miss Burns smilingly promised to be there.

### SKIN ERUPTIONS.

Evidence of Impure Blood and a Run-Down Condition.

When the blood becomes thin, poor, devitalized nature cries out through such external evidence for help, and the safest, surest and most helpful remedy we know is Vinol.

This is because it is a combination of the two most world famed tonics—the medical curative elements of cod liver oil (without the oil) and tonic iron for the blood. Vinol strengthens the digestive organs, creates a healthy appetite, purifies and enriches the blood, creates strength.

Mrs. Helen Wingate, St. Louis, Mo., says: "I was in very poor health, nervous and run-down, and nothing in the way of medicine did me any good until my druggist recommended Vinol. It built up my health, restored strength and I feel that I owe my life to Vinol. I cannot praise it too highly."

We say positively there is nothing like Vinol to purify and enrich the blood and build up weak, run-down people. If it should fall in your case we will return your money. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

### Carries a Broken Arm.

Harry Allen, son of Mr. and Mrs. Gabe Allen, had his arm broken Thursday while cranking a car.

Mrs. C. H. Huff of Fairland, Okla., who is visiting the family of her brother, S. C. Babb, north of Maryville, was taken to St. Francis hospital Friday to be operated on for appendicitis.

Lou Night of near Gaynor was a city visitor Thursday.

Mrs. Elisha Cole left Friday for Bedford and Conway, Ia.

### Lightning and Forest Fires.

Lightning is held responsible for most of the forest fires this year, and while the number of severe local thunderstorms has been somewhat exceptional, this is a fresh reminder that the exercise of care by railroads and campers, good in itself, can never yield full protection. No matter how well the laws are observed there must be fires from time to time, kindled as nature has been kindling them for ages; origin, perhaps, of the Prometheus legend. The remedy must be found in the gradual and systematic application of scientific forestry, including fire lanes and the careful clearing away of brush and fallen timber. There is need, too, of a further extension of the patrol service, with a network of watchtowers from which an incipient fire can be quickly discerned. In this state such a network is nearly complete, and with the help of the telephone a force of firefighters can quickly be dispatched to the scene. The needless loss of valuable timber in recent years runs far up into the millions, but the day of such prodigal waste is rapidly drawing to an end.

### Neglected Neighborhoods.

You can find in almost any town a "neglected neighborhood." The easiest thing to do with such a neighborhood is to keep on neglecting it.

It is so easy for us to study these topics as if they were about other places and people than ourselves and our homes. Is there a neglected corner in your town, or in your county? If there is what are you going to do about it? Not "What have you been doing about it?" as "What ought you to do about it?" but "What are you going to do about it?"

If you can't get the committees interested, do something yourself. Do not be afraid.

The thing is to get started. You see, as soon as you have started something, the neighborhood is no longer neglected. And then it will be an easier matter to get someone to come in and help.—Christian Herald.
